

# GET TO KNOW LAS VEGAS FOOT DOCTOR: DR. SEAN REYES

In the world of Podiatry, there is no one more down to earth and caring than Dr. Sean Reyes. Currently a Podiatrist at the Foot and Ankle Specialists of Nevada, Dr. Reyes also offers a 24/7 house call service to clients all over Las Vegas.

**H**e additionally has a special interest in teaching and practicing Martial Arts, working on tough punches and kicks outside of the office. MYVEGAS got the chance to get to know Dr. Sean Reyes, and it is no wonder he was chosen as one of our Top 100 Doctors! This heavy hitter is definitely a doctor to look out for! Get to know the 24/7 Foot Doctor below:

**Q: Tell us about your medical training and what brought you to Las Vegas?**

**A:** I grew up in Ohio and completed a 3-year Foot and Ankle Reconstructive Surgical Residency at The Ohio State University Wexner Medical Center. After residency, I moved to Vegas to escape the Midwest cold and it provided better job opportunities. I've been truly fortunate to treat numerous celebrities, professional athletes, and Vegas performers which I really enjoy and it's rewarding to know that they walk easier with my help!

**Q: How did you become interested in the field of Podiatry? Where do you practice and what types of services do you offer?**

**A:** I knew that whatever I did in medicine, I wanted to specialize and be hands on. Podiatry offered both of these things, plus- who doesn't have foot problems? I have two types of practices: The first I created on my own and it's a house call service where I come to your house or hotel to treat you, however I don't accept insurance for the house calls. If you are interested in my house call service, please don't hesitate to visit my website at [www.drreyes.com](http://www.drreyes.com) or call me directly at 702-518-1862 for more information. If you have insurance, you can schedule an appointment with me at the "Foot and Ankle Specialists of Nevada," at two convenient locations: Las Vegas office off West Sahara, and a Henderson office off St. Rose Parkway. If you'd like to be seen in office, you may visit [www.nvfas.com](http://www.nvfas.com) or call 702-878-2455.

**Q: What do you enjoy doing in your spare time?**

**A:** In my spare time, I enjoy spending time with my family, girlfriend and two dogs (Butters and Wasabi), exercising, basketball, watching movies, making YouTube videos, and teaching martial arts on the side. I have been involved in various forms of Martial Arts since I was a kid as it has always been a passion of mine, hence the cover photo. My training primarily consists of Jeet Kune Do, Kali, Boxing, Muay Thai, and Brazilian Jiu-Jitsu.

**Q: Any new ventures coming up this year that you'd like to share with our readers?**

**A:** Yes!! I recently started a YouTube channel! I have two channels: The first deals with medicine, health and fitness. I encourage anyone interested in these topics to check it out and subscribe! You can find the channel links on my website [www.drreyes.com](http://www.drreyes.com) or just type my name on YouTube. Medical channels can often be boring, so my goal was to add humor and make them entertaining, so the videos are definitely different from what you'd expect. I've always been into film and directing and made several short films in college, so this gives me the opportunity to continue my passion for that. The second channel is all about Martial Arts, so

whether you're a beginner or instructor, the channel has a lot to offer in terms of insight and instruction.

Another new venture I'm seeking is with my girlfriend, Christy Ortigas. She is my best friend, biggest supporter, and has graced my life for the past 8 years with never-ending smiles, laughter, and growth. She's taught me strength and perseverance, and to always follow my instincts. She will be reading this article, so I'd like to ask her something: Christy, will you marry me?
